Hotel Info SAE International has negotiated special rates for the SAE AeroTech Congress in Seattle. Hotel information is available using the link shown below.
<http://www.sae.org/events/atc/attend/hotel-travel/>

Register The AEEC registration list will be used for admission into the SAE AeroTech Congress. It is important that you notify ARINC Industry Activities of your intention to attend by registering online at: <http://www.aviation-ia.com/events/>

AEEC Mid-Term Session convene times:

8:30am Wednesday, September 23 – Room 401

10:30am Thursday, September 24 – Room 401

ARINC Industry Activities Members and Corporate Sponsors may attend this meeting free of charge.

Individuals requesting time on the agenda should contact Paul Prisaznuk. The agenda will be finalized one week prior to the meeting.

Meeting Objectives

AEEC Mid-Term Session

The AEEC Executive Committee will review the progress made within the respective AEEC Subcommittee and Working Group activities. The AEEC Executive Committee will take action to adopt mature ARINC Project Papers and mature Supplements to existing ARINC Standards.

AEEC Subcommittee Projects and Adoption Candidates

Several AEEC Subcommittees are busy preparing draft documents for presentation in Seattle. Adoption candidates will be made available to industry 30-days prior to the AEEC Mid-Term Session. Check the AEEC website for availability.

Preliminary list of documents:

Supplement 4 to ARINC Specification 628P9: *Cabin Equipment Interfaces, Part 9, Cabin Interface Network (CIN)*

ARINC Project Paper 714A: *Mark 4 Airborne Selective Calling (SELCAL)*

Supplement 5 to ARINC Specification 810: *Definition of Standard Interfaces for Galley Insert (GAIN) Equipment Physical Interfaces*

ARINC Project Paper 814: *Extensible Markup Language (XML) Encoding and Compression Standard*

Supplement 3 to ARINC Specification 816: *Embedded Interchange Format for Airport Mapping Database*

Supplement 4 to ARINC Specification 828: *Electronic Flight Bag (EFB) Standard Interface*

APIMs

Proposals for the Development of New ARINC Standards

The AEEC Executive Committee will consider new project activities as proposed by the ARINC Proposal to Initiate/Modify Standards (APIMs). Topics include:

- APIM 15-004 – Safety Services using Internet Profile Suite (IPS)
- APIM 15-005 – Flight Management Computer Functional Definition
- APIM 08-004B – User Interface Markup Language for Graphical User Interfaces for ARINC 661 Cockpit Display System Interfaces

Travel Information

From the Airport to the Downtown Seattle

The Seattle airport is located approximately 15 miles (24km) from downtown, the Washington State Convention Center and nearby hotels.

A number of transportation options are available, e.g., taxi (\$60), shuttle bus (\$20) and light rail (\$3). If you have a rental car, parking is available at downtown hotels and at the Convention Center, starting at \$12 per day.

Link Light Rail: Runs from SeaTac Airport to Westlake Center which is close to the Washington State Convention Center. To take the light rail from the airport to downtown:

- Follow signs to “Link Light Rail” – Thru Parking Garage Level 4
- When you get to the station, buy a full-fare ticket from the machine and go upstairs to the train going in the direction of Westlake (the only direction).
- Ride the train to the Westlake station, which is downtown under Pine Street, between Third and Sixth. Walk upstairs to Pine Street, then to your hotel.
- Duration is 38 minutes. Cost is \$2.75.

<http://www.soundtransit.org/Schedules/Link-light-rail>

The train runs every 15 minutes during non-peak times, and twice as often during rush hour.
