Meeting Objectives

NDB Subcommittee

The NDB Subcommittee will review proposals for incorporation into the Navigation Data Base Standard, draft Supplement 22 to ARINC Specification 424.

Some of the issues to be addressed are:

1. Lufthansa Navigation is to provide an updated proposal on Turn Direction Valid so that it is consistent across all data base suppliers.
2. Universal Avionics is to provide a working paper or discussion paper on Level of Service Flag. The objective is to determine the level of service if they are on the chart and not authorized or only to capture the authorized levels of service.
3. MITRE to provide an update on the XML Schema for ARINC 424-21.

Travel Information

Please arrange your own ground and air transportation.

The Hilton Cocoa Beach Oceanfront Hotel is about 45 miles from the Orlando, Florida Airport. There is not a courtesy shuttle to the hotel.

There are, however, a few transportation services that provide a shuttle between Orlando and Cocoa Beach. The following are a few that serve this route:
