Together "We Set the Standard."

To	NIS Subcommittee	**Date**	March 6, 2024
From	Vanessa A. Mastros vanessa.mastros@sae-itc.org tel: +1 443-221-8374	**Reference**	24-999/SMA-368 jlg

Subject — **Meeting Announcement**
Network Infrastructure and Security (NIS) Subcommittee

Chair — Jeffrey Rae, United Airlines

When — June 11-13, 2024
Tuesday through Thursday from 0900 to 1700

Host — American Airlines is hosting the NIS Subcommittee meeting. They have made arrangements for the meeting space.

Where — Meeting Location

American Airlines
Building Skyview 8
1 Skyview Drive
Fort Worth, TX 76155
USA

There are security requirements for those who would like to attend. Pre-registration is required. Attendees will receive an email from the American Airlines Security Team before arriving.

Parking: Visitor parking is available. Early arrival is strongly encouraged. If full, inform security using the gate intercom, and they will allow your access. Park anywhere, higher floors are less crowded.

Travel information is provided later in this AEEC meeting announcement.

Hotel — There is a good selection of hotels available to suit your budget and comfort needs.

Instruction — Please notify ARINC Industry Activities of your intention to attend by registering online at: *https://aviation-ia.sae-itc.com/forms/meeting-registration-form*

The meeting is open to all interested parties. Individuals requesting time on the agenda should contact Vanessa Mastros. Any material intended to be circulated prior to the meeting should be submitted before May 27, 2024. The agenda will be finalized one week prior to the meeting.

Activity Scope	The goal of this activity is to harmonize network-related and security-related activities. NIS focuses on the interfaces and not on the hardware or software applications. NIS provides operational assessments of networking and security issues.
Meeting Objectives	The objectives of the meeting are to:

- Develop **ARINC Project Paper 811A:** *Commercial Aircraft Information Security Concepts of Operation and Process Framework*
- Develop **Project Paper 857:** *Securing Non-Safety SATCOM Communications*
- Develop Supplement 1 to **ARINC Report 852:** *Guidance for Security Event Logging in an IP Environment* (assuming APIM is approved at the 2024 AEEC General Session)

Tentative Agenda	Tuesday, June 11, 2024

- Opening Presentation, Introductions, Agenda Review
- Share update on Operator Focused Cybersecurity Users Forum
- **ARINC Project Paper 811A:** *Commercial Aircraft Information Security Concepts of Operation and Process Framework*
