

ATTACHMENT B

Distress Tracking Repository Technical Workshop

Montréal, 1 – 3 July 2019

Draft Agenda

- Agenda Item 1** **Introduction**
Welcome, introductions and administrative details
- Agenda Item 2** **Background**
Review of the outcomes of the DTR functional workshop and the DTR Functional Specification. A review of distress tracking standards will also be conducted.
- Agenda Item 3** **DTR Architecture**
Using the preliminary work done by Eurocontrol as a starting point, a discussion will be facilitated on suitable architecture for the DTR to meet the requirements of the Functional Specification
- Agenda Item 5** **DTR Business models discussion**
Proposals for the prototyping, development, implementation and support of the DTR will be considered to identify a sustainable model.
- Agenda Item 6** **Any Other Business**
